

Memorandum

To: Kings County Volunteer Community Recreation Associations
From: Bruce MacArthur, Coordinator of Recreation Services
Date: November 2009
Re: **2010 Community Recreation Assistance Fund (CRAF)
Grant Applications**

Again in fiscal year 2010-2011, Kings County Municipal Council may consider applications for financial assistance for community based youth leisure programs. It is important to note that funding is subject to final budget approval (approximately May 2008) and support is for programs offered between April 1, 2010 and March 31, 2011.

As in previous years, Municipal staff delegated as responsible to administer this program attempt to consider all requests. However, priority will be given to new initiatives, long-term planning and programs that are community based and designed for the greatest levels of participation.

The goal of the CRAF is to “be the last dollar in” and where possible be used to leverage all potential sources of funding. (i.e. other grants, donations, fundraising, registration fees, etc.)

Please find attached an information sheet (8.5 x 14) as well as an application for 2010-2011. **Note that applications received after the deadline of March 1, 2010 may not be accepted.**

Communities that received funding in 2008 are reminded that they must submit a Financial Report and Program Activity Report form (included) to be considered for 2009 funding.

If you have any questions about this process or require assistance, please contact Bruce MacArthur at 690-6124(O) or email bmacarthur@county.kings.ns.ca

Deadline for Applications: Monday, March 1, 2010
